

Henry A. "Hank" Courtright serves as Senior Vice President of Member and External Relations at the Electric Power Research Institute in Palo Alto, California. Hank is responsible for member/client relations, technology innovation and EPRI's Energy Technology Assessment Center. He has previously served as Vice President, Environment overseeing EPRI environmental sciences research; as Vice President, Generation overseeing research on fossil, hydro and renewable generation; and as a Technical Director on energy efficiency programs.

Hank has over 30 years of experience in the electric utility industry with both EPRI and Pennsylvania Power and Light Company (PPL).

He has served on numerous energy advisory groups including the National Coal Council (NCC), the Coal Utilization Research Council and the American Council on Renewable Energy (ACORE). He also served on the Advisory Board of the San Francisco State University College of Engineering and was Board Chair for several years.

Hank received a B.S. in Mechanical Engineering from the Pennsylvania State University and a Masters in Business Administration from Lehigh University. He is a licensed Professional Engineer in Pennsylvania and California.

Together . . . Shaping the Future of Electricity
