GETTING THERE

- 10:15am-11:30am **Panel Two: Price Effects of a Carbon Policy** Grapevine
A Ballroom
What effects on prices can be expected from carbon policies?
How can regulators ensure that these effects are mitigated at the
lowest cost?
Moderator: *Andy Keeler* - Professor, John Glenn School of Public
Affairs, Ohio State University
Panelists: *Theodore Kury* - Director of Energy Studies, Public
Utility Research Center, University of Florida
Ruth Maddigan - Senior Advisor, Environmental
Science, Technology and Policy Office, TVA
William Prindle - ICF International
Ralf Wagner - Head of Forward Analysis, E.ON
Energy Trading SE
- 11:30am-12:30pm **Panel Three: Game-Changing Policies** Grapevine
A Ballroom
This panel will consider broad policies that would be instrumental
in effecting a transition to a utility sector less reliant upon
traditional carbon-intensive resources. Panelists will answer the
question: What insightful decisions made today can build a more
efficient, dynamic, and equitable bridge to the future?
Moderator: *Jay Apt* - Carnegie Mellon University
Panelists: *Frederick Weston* - Principal, Regulatory Assistance
Project
Samuel A. Wolfe - Chief Counsel, New Jersey Bureau
of Public Utilities
Frank Stewart - President and COO, The American
Association of Blacks in Energy
- 12:30pm-1:45pm Grapevine
Lunch Speaker 2-4
Ballroom
Introduction: *Jeanne Fox* - Chair, National Council on Electricity
Policy, President, New Jersey BPU
Speaker: *Gina McCarthy* - Deputy Administrator for Air, US
EPA
- 2:00pm-3:00pm **Panel Four: The Role of Regulators** Grapevine
A Ballroom
This panel will consider the various challenges and choices facing
regulators of the future as they operate in an energy sector
affected by carbon imperatives, and endeavor to ensure that utility
services remain effective and meet consumer demand in an
environment where CO2 emissions must be substantially reduced.
Moderator: *Gordon Kaiser* - Vice Chair, Ontario Energy Board
Panelists: *Araceli Castaneda* - Assistant Director, Public Utility
Research Center, University of Florida

Len Peters - Secretary, Kentucky Energy and Environment Cabinet
Kristin K. Mayes - Chairman, Arizona Corporation Commission

3:00pm-3:30pm	Break	Grapevine Foyer A
3:30pm-4:30pm	Panel Five: Some New Players This session will attempt to identify some potentially new participants in the (broadly-defined) energy sector, and look at how their activity helps ensure that sector remains effective in meeting consumer and system reliability. Moderator: <i>Paul Centolella</i> - Commissioner, Ohio PUC Panelists: <i>Sven Thesen</i> - Principal, Better Place <i>Minda Berbeco</i> - PhD candidate, Tufts University <i>Val Jensen</i> - Vice President, Marketing and Environmental Programs, ComEd <i>Peter Yeung</i> - Sr. Director, Market Development, SilverSpring Networks	Grapevine A Ballroom
4:30pm-6:00pm	Panel Six: A Look at "Baseload," the Resources and the Concept Itself In this panel, participants will address the future of baseload generation. The panelists will consider what the provision of baseload-type services might look like, how the role of large centralized facilities may evolve, the development and significance of renewable generation and distributed generation facilities, and the growing role of energy efficiency, demand response and other advanced technologies. Moderator: <i>David Boyd</i> - Chairman, Minnesota Public Utilities Commission Panelists: <i>Michael Morris</i> - CEO, American Electric Power Corporation <i>Anne Pramaggiore</i> - President and COO, ComEd <i>David Campbell</i> - COO, Luminant <i>Henry Courtright</i> - Senior Vice President, Member and External Relations, EPRI	Grapevine A Ballroom
7:00pm-9:00pm	Dinner Introduction: <i>James Gardner</i> - Commissioner, Kentucky PSC Speaker: <i>James E. Rogers</i> - President and CEO, Duke Energy	Yellow Rose Pavillion

FRIDAY, December 4, 2009
7:30am - 1:00pm

7:30am **Continental Breakfast**

8:30am-9:45am **Panel Seven: Financing Energy Portfolios of the Future** Grapevine
A Ballroom
This panel will review various financial challenges and issues associated with promoting the development of energy resources in the future. The focus will be on how to finance the improvement of existing resources and development of new resources.
Moderator: *Robert Gee* - President, Gee Strategies Group LLC
Panelists: *Richard W. Cortright, Jr.* - Managing Director, Corporate & Government Ratings Dept., Standard & Poor's
Lindene Patton - Climate Product Officer, Zurich Financial Services Group
Dan Bakal - Director, Electric Power Programs, Ceres
Peter H. Kind - Senior Managing Director, Macquarie Capital Advisors

9:45am-10:15am **Break** Grapevine
Foyer A

CONCLUSIONS

10:15am-11:30am **Reflections Part I: Conclusions Regarding the Future of Energy Supply, Demand and Delivery** Grapevine
A Ballroom
In this panel, participants will be asked to "put the pieces back together" and synthesize what they have heard. Panelists will consider the following question: "Given what we know and have heard during this conference, what likely 'futures' can we expect for energy supply, demand, and delivery networks twenty years from now?"
Moderator: *Ellen Petrill* - Director, Public/Private Partnerships Electric Power Research Institute
Panelists: *Bill Massey* - Partner, Covington & Burling, LLP
Hannah Choi Granade - Principal, McKinsey & Company
Maureen Hand - National Renewables Energy Laboratory
Kathleen Hogan - Deputy Ass't Secretary for Energy Efficiency, U.S.DOE, Ofc. of Energy Efficiency and Renewable Energy

11:30am-1:00pm **Reflections Part II: Conclusions Regarding the Evolving Utility Sector** Grapevine
D Ballroom
Lunch Provided
In this panel, participants will also be asked to "put the pieces back together" and synthesize what they have heard. Panelists will consider the following question: "Given what we know and have heard during this conference, how will today's regulators need to adapt their thinking and approaches to regulation in order to be effective in the energy sector of the future?"

Moderator: *David Ziegner* - Conference Co-Chairman;
Commissioner, Indiana URC

Panelists: *Jim Rogers* - President and CEO, Duke Energy
Richard Cowart - Director, Regulatory Assistance
Project
David W. Hadley - Vice President of State Regulatory
Relations, Midwest Independent Transmission System
Operator, Inc
Ned Leonard - Vice President, Technology Policy,
American Coalition for Clean Coal Electricity
(ACCCE)

1:00pm

Adjourn

David Coen - President, NARUC, Commissioner, Vermont PSB
